PERSONAL

**T**HE Impromptu musicale at the Woman's Club yesterday afternoon was a thoroughly delightful affair.

Misses Ellie Wortham, Margaret Owen and Zelle Minor, with Mr. Weitzel as accompanist, completely captured a large audience, including many visitors, and had to respond to encore after encore.

The club parlors, decorated with sweet spring flowers, were brilliantly and fashionably thronged, the social part of the afternoon being an unusual success.

Hostesses of the afternoon at the tea and lemonade tables were Mrs. James Caskie, Mrs. William Meade Clark, Mrs. J. Taylor Ellyson, Mrs. John Landstreet and Mrs. Robert Williams, Jr. They were assisted by Misses Maude Stringfellow, Jessie Hazard, Caroline Abell and Rosalie Jones.

S.S.S. REMOVES  
BLOOD HUMORS

Itching, disfiguring eruptions, rashes, boils, etc., as well as pimples, black-heads and rough, scaly skin, show the presence of some irritating humor in the blood. These acids and humors with which the blood is infected are being constantly thrown off through the pores and glands of the skin, and the flesh is kept in an inflamed, diseased and unsightly condition. Nothing applied externally can change the condition of the blood or prevent the outflow of these burning acids; only constitutional treatment can do this. Washes, salves, lotions, etc., cannot reach the humor-laden blood, and are therefore useless, except for the temporary comfort and cleanliness they afford. The acid poison in the blood must be removed before a cure can be effected. S. S. S. is a real blood purifier, possessing all the requirements necessary to neutralize and remove the humors from the circulation. It completely eradicates every trace of impurity and restores this vital fluid to its natural healthy state. S. S. S. cools the acid-heated blood so that instead of pouring out acid matter on the skin, it feeds and nourishes it with health-sustaining properties, and then the eruptions and diseases of the skin pass away. Officers of North Carolina National Guard Go to Morehead City for Purpose.

KEEP HIGH SCHOOL OPEN

Citizens Make Up Nearly Enough Money to Meet Month's Expenses.

[Special to The Times-Dispatch.]

**RALPHIGH, N. C., May 4.**—Ever since the State military authorities selected Morehead (Camp Gretna) as the permanent camp-ground for the North Carolina National Guard's annual encampments, there has been serious complaint among many of the companies constituting the guard that the Norfolk and Southern Railroad Company and the town of Morehead have failed to comply with contracts entered into for the equipment of the camp-ground for the comfort and convenience of the officers and men. Furthermore, it was these pledges of equipment at the expense of the railroad company and the town that secured the selection of Morehead in competition with Wilmington and other localities contesting for the encampments.

Now the guard authorities are taking steps to have these improvements installed without further delay. Members of the advisory board of the guard left this afternoon for Morehead to inspect the encampment grounds, with a view to determining just what shall be done in the way of improved equipment for the railroad company and the town. The improvements will include electric light and water systems, with sewerage, new mess halls and adequate storage houses. The advisory board is composed of Adjutant-General F. R. Robertson, Quartermaster-General Macdon, Inspector-General Armfield, Colonel J. T. Gardner, First Infantry; Colonel W. C. Bragaw, Second Infantry; and Colonel J. N. Craig, Third Infantry. They were met at Morehead by Colonel J. L. Ludlow, supervising engineer, and representatives of the Norfolk and Southern Railroad Company, and the Mayor and others of the town of Morehead. The purpose is to have at least a considerable part of the equipment installed before the approaching State encampment.

The resignation of Fred D. Brinkley, Statesville, as battalion quartermaster and commissary, First Infantry, was received and accepted to-day by Adjutant-General Robertson.

Commissions are issued to J. Tyson Dorch and E. C. Prince, as first and second lieutenants, Company E, Second Regiment, Goldsboro.

**Keep High School Open.**

The public subscription for continuance of the Raleigh public high school during May has reached \$241, \$250 being the amount necessary. This difference will be easily met, so that the school will run right on to May 29th. Quite a number of the grades in the other departments of the public schools will go on as subscription schools without the general supervision of the city school authorities.

Wake Superior Court is in the midst of the trial of the suit of Mrs. V. G. Gatman, who is suing for \$15,000 damages for the death of her husband, who had the misfortune to fall over a pile of crossties at Asbury more than a year ago. It is alleged that the crossties should not have been where they were. There are many witnesses, and the case is hard fought.

The Peace Institute commencement is to take place May 15th to 20th, with the baccalaureate sermon by Rev. Joseph Rennie, D. D., on Sunday, May 17th, and the address to the graduates on Wednesday, May 20th, by Judge Thos. B. Womack. The graduates are Misses Cora Callaway Carter, Mary Callum Evans, Mattie Elsie Griffin, Marie Leok Griffin, Patis Lee, Ella Reid Peap, Elizabeth Boyd Roberts, Frances Steadman Sharp.

He was met at the depot by a delegation, composed of the Washington Concert Band, Mayor Steward and a number of prominent citizens, and escorted from the station by a band and given a hearty welcome by the committee at the Opera House. He addressed between 700 and 800 people, who were seated in the hall and on the balcony. The speaker was introduced by E. A. [Special to The Times-Dispatch.]

**WINSTON-SALEM, N. C., May 4.**—A telephone message received to-night states that two tobacco plant beds,

belonging to Mr. F. O. Fishel, of Friesburg, of Davidson county, were destroyed last night, presumably by night riders.

Mr. Fishel says he does not think he has any neighbors who would do such a thing, and that it is his opinion that it was the work of night riders. Of course, the well-trained and experienced night rider veterans of Kentucky are not suspected, but it is thought that it was the work of men who endeavored to imitate the Kentuckians.

Illustrative of freight discrimination is the fact that for horses shipped from Greensboro to Richmond the freight was \$35 per carload. For the horses shipped from Richmond to Greensboro, over the same track, the same distance, the same cars, they have to pay \$45 a car.

**Prof. Smithden in Spencer.**

One eye was lost out, and his face badly disfigured by the fragments of the explosive. He was operated upon and will recover, but with only one eye.
